## LEGAL RESEARCH

<b>Our Role</b>	<b>MNCs/Corporate</b>	<b>Databases</b>
<b>Projects</b>	<b>Business Plans</b>	<b>Papers</b>

### **Our Role**

Our research division produces high quality legal research work as per client's needs and requirements. Our products range from high level analysis to preparation of highly technical legal research notes and articles employing statistical, econometrics and mathematical techniques using state of the art software. Our potential clientele includes top Multinational Companies (MNCs) and Corporate seeking LPO services, Departments and Ministries of Govt. of India, Private Sector, Foreign Banks and Financial Institutions and individuals among others. We conduct research using a variety of online database system

in India and abroad e.g. Manupatra, Legal Eagle, LexisNexis, Westlaw. Goodson Law Library, Findlaw, Hieros Gamos, Justia, WashLaw. LII, Nolo etc.

### **MNCs/Corporate**

With the onset of liberalization process since 1990s following economic reforms, India has become a favorite destination for foreign multinational companies for investment and business opportunity. We can provide them high quality service and support in the field of litigation, legal research, LPO, drafting of deeds and agreement, liaison with central and state governments and assistance in obtaining regulatory approvals.

### **Databases**

We are constantly evolving in development of databases using a variety of tools available at our disposal.

### **Projects**

Our research team can execute legal research projects expeditiously within the stipulated timeframes and deadlines.

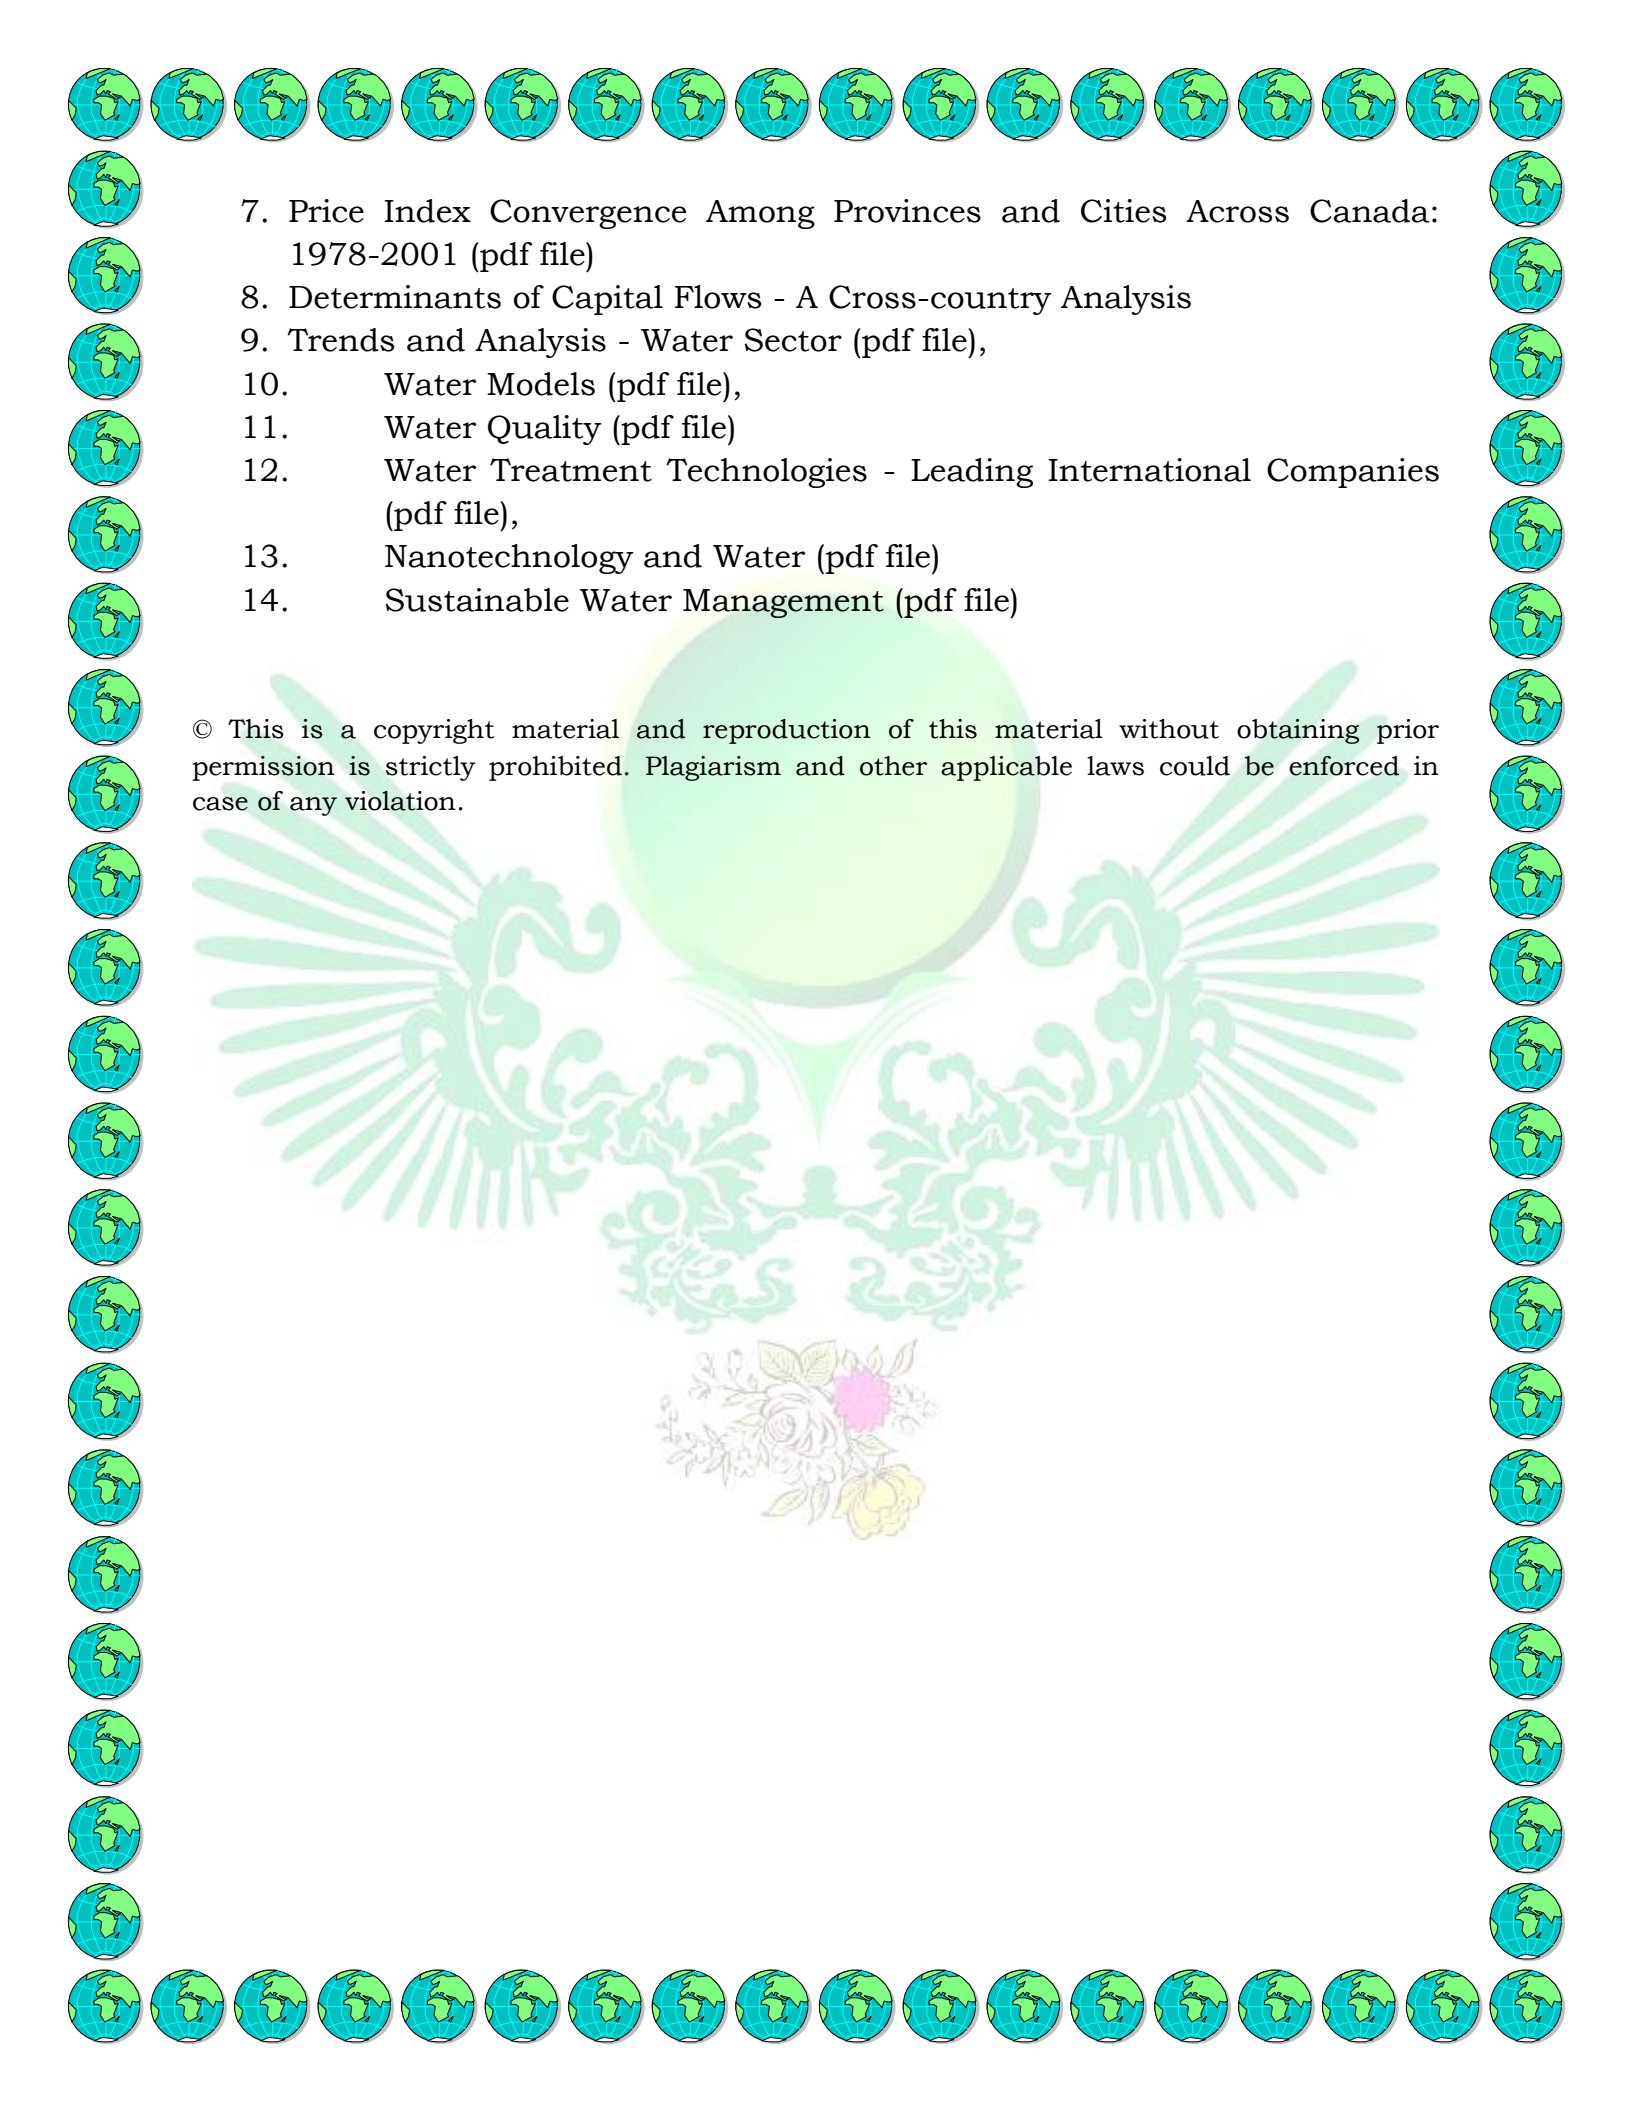

### **Business Plans**

Our services are specifically designed for investors who are keen to migrate abroad under business and entrepreneur categories and are looking for assistance in documentation and preparation of Business Plans. We have foreign educated economists on our panel who prepare Business Plans as per immigration and legal requirements of the destination country.
